| 2. Sitagliptin   | 100mg  | 1 tablet daily |
| 3. Empagliflozin | 25mg   | 1 tablet daily |

### Patient Instructions:

Hi Mia,

1. Take your medication as prescribed by Dr. Rachel Taylor. Do not skip doses or alter the dosage without consulting with her first.
2. Keep track of any side effects you may experience while taking the medication. Common side effects to watch for include dizziness, nausea, and fatigue.
3. If you experience any severe side effects such as chest pain, difficulty breathing, or severe allergic reactions, contact Dr. Rachel Taylor immediately.

Remember, your health is a priority. If you have any concerns or questions about your medication, do not hesitate to reach out to Dr. Rachel Taylor for guidance.

Take care,
