

Prescription (Rx)

Patient: Leah Turner

Age: 47

Date: 2025-05-07

MRN: MRN100022

Diagnosis: Arthritis (ICD: M13)

Medication and Instructions:

Prescription for Leah Turner, 47-year-old patient with Arthritis:

1. Naproxen (Aleve) 500mg tablets - Take 1 tablet by mouth twice daily with food for pain relief and inflammation control.
2. Methotrexate 10mg tablets - Take 2 tablets by mouth once weekly on the same day each week for disease-modifying anti-rheumatic therapy.
3. Capsaicin cream 0.025% - Apply a thin layer to affected joints up to 4 times daily for localized pain relief.

Please follow up with your healthcare provider regularly for monitoring and adjustments to your treatment plan. Remember to report any new symptoms or concerns.

Patient Instructions:

Hello Leah,

1. Please remember to take your medication as prescribed by Dr. Miller. It is important for your health and well-being.
2. Keep an eye out for any potential side effects such as nausea, dizziness, or rash. If you experience any of these, please contact Dr. Miller immediately.
3. If you have any concerns or questions about your medication, don't hesitate to reach out to Dr. Miller. Your health is important and he is here to help.
