

Prescription (Rx)

Patient: Carter Roberts

Age: 78

Date: 2025-04-26

MRN: MRN100014

Diagnosis: Abnormal Pain (ICD: R52)

Medication and Instructions:

Patient: Carter Roberts

Age: 78 years old

Diagnosis: Abnormal Pain

Prescription:

1. Acetaminophen (Tylenol) 500mg
 - Take 1 tablet every 6 hours as needed for pain relief.
2. Tramadol (Ultram) 50mg
 - Take 1 tablet every 8 hours as needed for moderate to severe pain.
3. Gabapentin (Neurontin) 300mg
 - Take 1 capsule three times a day for neuropathic pain associated with abnormal pain.

Instructions:

- Take medications with food to reduce the risk of stomach upset.
- Avoid alcohol while taking these medications as it may increase the risk of side effects.
- Monitor for any signs of dizziness, drowsiness, or confusion while taking these medications and report to your healthcare provider if experienced.

Follow-up:

- Schedule a follow-up appointment with your healthcare provider in 2 weeks to assess the effectiveness of the medications and adjust the treatment plan if necessary.

Mayo Clinic Northwest

654 Wellness Circle, Healing Heights, WA 98101

This prescription is tailored to address the abnormal pain experienced by a 78-year-old patient named Carter Roberts. The combination of acetaminophen, tramadol, and gabapentin targets different aspects of pain to provide comprehensive relief. It is important for the patient to follow the dosages and frequencies prescribed and communicate any concerns or side effects to their healthcare provider.

Patient Instructions:

Dear Carter,

1. Take your medication at the same time every day to ensure consistency in your treatment.
2. Be sure to follow the dosage instructions provided by Dr. Hall to maximize the effectiveness of your medication.
3. Watch out for potential side effects such as dizziness, nausea, or changes in mood. If you experience any of these symptoms, contact Dr. Hall immediately.
4. If you have any concerns about your medication or notice any unusual changes in your health, do not hesitate to reach out to Dr. Hall for guidance and support.

Take care and stay healthy,
